Chest freezer

This minus 25°C chest freezer is perfect for close storage of biological samples. With reliable cooling and equipped with the necessary alarms, you can rest assured that your samples are stored safely and securely. The freezer is fitted with feet and delivered with castors so that you can change to your desired mobility. When fitted with castors, it is the perfect solution for transportation due to its small footprint.

- 🔋 **Battery backup**
- 🔍 **Porthole**
- 🛞 **Castors**
- 🌡️ **High/Low temperature alarm**
- 📶 **Contact for Remote Alarm**
